Toshiba America Medical Systems
Putting Customers First

Since its inception in 1875, Toshiba has worked to improve the quality of life for all people. Toshiba has worked hand-in-hand with leading clinicians to design unique features across all product lines. The impact of this collaboration is clear: the productivity and performance of Toshiba’s family of products has been recognized with technology awards and leading customer satisfaction ratings.
PRICING/DISCOUNTS

Select the ideal system for your clinical needs.

Toshiba’s wide offering and flexibility allows you to customize the perfect system to meet your unique needs. Members can select from Toshiba’s entire portfolio of CT, MRI, Rad/RF, Cardio/Vascular Labs, and Ultrasound systems at special TargetBuy savings.

During the TargetBuy period, Amerinet members will receive:

- Increased contract discounts on Toshiba’s entire product line.
- Special service pricing and coverage options.
- Multiple value added incentives to enhance total cost of ownership.

The following are examples only. Actual prices will vary according to the configured equipment for your individual facility’s needs. To generate a price quote or learn more, please contact your local Toshiba representative or call 800-621-1968 and reference the Amerinet contract number VQ10220.

ADDITIONAL BENEFITS

Toshiba imaging systems provide customers a unique ability to easily upgrade their existing technology. For example, the Vantage Upgrade Program provides an easy path from the Vantage system you use today to the newest Titan open-bore system without changing your magnet, avoiding costly construction costs.

Toshiba’s Aquilion CT scanners are fully scalable to meet your clinical needs now as well into the future. In addition, all Toshiba CT scanners incorporate advanced dose management and image quality across all platforms.

TargetBuy incentives will apply to all members wishing to upgrade existing systems.
Performance Pro
During the TargetBuy period, qualifying customers will receive Toshiba’s exclusive Performance Pro training. Performance Pro is a custom training program created to offer a unique approach to education and focuses on achieving technical proficiency and optimizing productivity.

Under the TargetBuy, Amerinet members will receive the following:

- A planning meeting at your facility with Toshiba’s Applications Manager to discuss specific objectives and timing, and to explain Toshiba’s custom approach. During the meeting, the manager will also ensure the following takes place:
  - Review Toshiba’s New Customer Education Guide (what to expect and how to plan and prepare).
  - Introduce the Toshiba Three Phase Education Program and the role of the Toshiba Learning Center.
  - Co-develop a custom training program based on the facility’s specific needs and ensure it is well documented for execution.
- Performance Pro Guarantee: If you are dissatisfied with any portion of the training for any reason we will re-conduct the training at no charge.

Beyond just providing great equipment, Toshiba believes in providing you a more holistic solution to safety that goes beyond just dose savings. We provide our customers with 360 degrees of safety through a fully comprehensive and responsive program that considers every aspect of safety for our customers:

- **Corporate programs** that advance best practices in imaging and healthcare overall.
- **Service programs** to ensure optimal system performance and limited downtime.
- **Education** that goes beyond just how to use equipment to help them answer questions around healthcare reform.
- **Imaging modality features** designed to improve patient safety such as CT Vitality, DTS, larger CT bores and workflow tools like iStyle™+ Productivity Suite and Tech Assist.
